

Department of Applied Mathematics

Postdoctoral Fellowship in Applied Mathematics

Applications are invited for a postdoctoral fellowship in the Department of Applied Mathematics at the University of Waterloo, with an anticipated start date of September 1, 2018. This is a one-year fellowship with the possibility of renewal for another year.

In addition to engaging in research close collaboration with a faculty member or members in the department, the successful candidate will be responsible for teaching two, one-term courses. **Candidates should indicate in their cover letter the names of faculty member(s) they propose to work with.** Selection will be based on the candidate's research potential, availability of a supervisor, fit with a research area in the department and teaching ability. All interested recent PhDs are encouraged to apply.

The Department of Applied Mathematics has 22 regular faculty and two lecturers. Research interests include scientific computing, control theory, differential equations and dynamical systems, fluid dynamics, mathematical biology and medicine, and mathematical physics. The department has a substantial graduate program with over 80 graduate students pursuing Masters or PhD degrees, and strong undergraduate programs in applied mathematics and mathematical physics. More information about the department can be found at <http://math.uwaterloo.ca/applied-mathematics/>.

Application for this fellowship is through the website [MathJobs.org](http://www.MathJobs.org). Candidates should submit a cover letter, curriculum vitae and a one-page research statement to www.MathJobs.org. Applicants should also arrange for three letters of recommendation, with at least one letter addressing the candidate's teaching abilities, to be submitted through www.MathJobs.org website.

The application deadline is **February 15, 2018** or until position is filled.

We appreciate all replies to this advertisement, but only applicants under consideration will be contacted.

The University of Waterloo is strongly committed to employment equity within its community, and to recruiting a diverse faculty and staff. The University encourages applications from all qualified candidates, including women, members of visible minorities, Aboriginal persons, members of sexual minorities, and persons with disabilities.

This position is contingent upon funding.
